A DECISIVE BATTLE

Gen. Sakharov's Dispatch to St. Petersburg Confirms Belief That it is Imminent.

THE OUTPOSTS ARE IN TOUCH.

The Three Armies of the Belligerents Probably Will Aggregate Over a Quarter Million Men.

The Advance at All Points Along the Feng Wang Cheng-Liao Road Is Attended By Constant Skirmishing.

St. Petersburg, June 28.—Lieut. Gen. Sakharov's dispatch, received Monday night, confirms the belief that the great decisive battle of the campaign between Gen. Kuropatkin's main army and the armies of Gens. Kuroki and Oku is imminent. The three armies probably aggregate 300,000 men and their outposts are to-day in touch all along the line. The Japanese evidently tried to draw Kuropatkin as far south as possible, holding out as one incentive a check to the advance of Oku's main army. Meantime Oku swung sharply to the eastward to join Kuroki toward the Chapan Pass, Kuroki at the same time moving a strong force by the right flank towards Nai-Cheng.

The main Japanese advance continues along the main Feng Wang Cheng-Liao Yang road, avoiding the Mao Tien Pass by a detour to the northward. The advance in all points is being attended by constant skirmishing.

Nothing is known here of the exact point at which Kuropatkin's main force is concentrated, though it is believed that a large part of the Liao Yang force has been moved to a point between Kin Chan and Ta Tche Kiao.

According to a press dispatch from Ta Tche Kiao Monday, a large force has pushed southward from Ta Tche Kiao against Oku. While Kuropatkin is thus extending himself the Japanese with great mobility seem to be trying to concentrate for the purpose of attacking the Russians in flank and rear.

Viceroy Alexieff's message Monday night with the brief dispatch from Rr. Adm. Wittoft (naval commander at Port Arthur), throws little additional light on the sea fight of Port Arthur. The admiralty and the emperor are awaiting further details with the same eagerness as the general public. The latter Monday for the first time received information through the medium of foreign telegrams that a fight had occurred.

The loss of three vessels of the Port Arthur fleet is admitted to be a severe blow, especially if not purchased by greater loss to the Japanese than reported by Vice Adm. Togo.

The meagerness of the reports is greatly mystifying the authorities, who continue to believe that there has been a later fight which has not yet been reported.

ALLEGED LOTTERY SCHEME.

John H. Dalton and L. A. Gourdin, Chicago, Arrested.

Chicago, June 28.—An alleged lottery scheme which is said to have netted its operators hundreds of thousands of dollars annually was disclosed Monday when the Manhattan Exchange "bank," located at 150 LaSalle street, was raided and John H. Dalton, a prominent local politician, and L. A. Gourdin were placed under arrest by United States deputy marshals. The arrests were made on warrants sworn in the United States district court by the post office authorities, charging that lottery tickets were being sent out of the state by the Manhattan Exchange "bank" in violation of the interstate commerce laws.

GAMBLING HOUSE ROBBED.

Thieves Worked a Successful Scheme at Houston, Tex.

Houston, Tex., June 28.—Thieves Monday night worked a successful scheme for the robbery of a gambling house. About 9 o'clock a piece of dynamite was exploded under a poker table and the crowd of 100 immediately made a rush for the exit.

During the excitement some one grabbed the bank roll at the faro table, getting between \$1,200 and \$1,500 out of the drawer.

Severe Fight in Tibet.

Gyang Tse, Tibet, June 28.—Gen. MacDonald, with re-enforcements, entered Gyang Tse June 26 after a somewhat severe fight with the Tibetans at the Naini Monastery, six miles distant. The monastery was strongly held by the Tibetans.

Wilmington, Del., June 28.—Judge George Gray expressed his hope that former President Grover Cleveland would be nominated for the presidency.

DOUBLE MURDER.

Mathley's Second Victim Died Tuesday Morning.

Owensboro, Ky., June 28.—Robert Mathley now has two charges of murder staring him in the face. James Gregson, whom he wounded after killing his sweetheart, Emma Watkins, Sunday night, died at the city hospital at 12:45 o'clock Tuesday morning. Mathley was arraigned before Judge Stirman Monday morning and his examining trial was set for Saturday morning.

Mr. Gatnoway Watkins, the father of the murdered girl, arrived in the city from his home in Grayson county Monday night. He took the remains of his daughter back with him Tuesday morning. The father was grief-stricken over the fate of his daughter.

Mathley was seen at the jail Monday night and reiterated that he did not remember killing the young girl. Insanity will be the plea when he is arraigned for trial. There is considerable feeling against the accused. It is believed that if Gregson had died earlier in the evening it would have been necessary to have removed Mathley from the local jail to the Henderson county jail.

JUDGE HARGIS HURT.

He Was Thrown From a Horse and Probably Fatal Injured.

Lexington, Ky., June 28.—County Judge James Hargis, of Breathitt county, while riding to see his mother, two miles from Jackson, Monday morning, was thrown from his horse and received injuries which may prove fatal. He sustained a broken shoulder, and the physicians believe that he received internal injuries. He was considerably bruised about the head. He was carried to the home of his mother, where he is now confined to his bed. He was alone at the time of the accident, and lay on the ground for some time before being found. The horse he had been riding arrived at the Hargis home without a rider, and his brother, Elbert Hargis, made a search for him.

JIM SAYER ACQUITTED.

He Was Charged With the Murder of Mack White.

Jackson, Ky., June 28.—Jim Sayer was given his examining trial for the murder of Mack White Monday and dismissed. White was assassinated last week and bloodhounds traced the scents to Sayer's house.

Suspicion had already been directed against him because White had at one time been charged with the murder of his father.

The examining trial, held before Justice Edwards, was to have been held before Judge Hargis, but Hargis was thrown from his horse Monday morning and has a broken shoulder blade and was badly injured. He may die. Sayer had been arrested by a sheriff's posse late Sunday night.

RIOTING WORKMEN.

They Threaten to Take Their Money From the Cement Company's Office.

Louisville, Ky., June 28.—Discharged workmen at the Meadow Lawn Cement works, below Louisville, started a riot Monday afternoon because they were refused their wages until pay day. Police assistance was asked of Louisville, but none could be given. The rioting workmen are mostly Negroes who refused to work with 75 Italians brought in last Saturday. When the Negroes grew ugly Monday afternoon and threatened to take their money some of the more loyal employees were lined up to protect the company's office. Further trouble is expected.

PROHIBITIONISTS.

THIRTY-THREE PERSONS KILLED.

Bad Accident in a Water Tunnel in Jamaica.

Kingston, Jamaica, June 28.—Thirty-three persons were killed by an accident which took place near Spanish town, 10 miles west of Kingston, Monday morning, in the main conduit of the West India Electric Co., which operates the street cars from Kingston and the shareholders of which are principally Canadians. Nearly 100 laborers had been detailed to remove sand from the enormous pipe which is a mile long and which conveys water from the in-take on the Rio Cobre to the turbines of the power house. The work had practically been completed when orders were given to allow a small quantity of water to enter the conduit. Through misapprehension, accident or carelessness the full force of water was turned on.

FIRE WORKS EXPLOSION.

Three Persons Were Killed and Half a Dozen Others Injured.

Philadelphia, June 28.—Three persons lost their lives and a half dozen others were injured late Monday as the result of the explosion of a small bundle of fire works in the storeroom of the Diamond Fire Works Co. at No. 826 Arch street.

The fireworks concern occupied the first floor of the building. The second floor was vacant and the third story was occupied by the French Hat and Bonnet Frame Co. Jancovitch was the proprietor of the hat and bonnet concern and O. Berman and Miss Lena Sampson were his employees. These three were the only persons above the first floor. About a dozen persons were employed by the fireworks company. The cause of the fireworks explosion is not known.

FIGHT IN A BARBER SHOP.

A Minister and a Chief of Police Were the Belligerents.

Albany Ga., June 28.—Rev. Len G. Broughton, of Atlanta, one of the best known Baptist ministers in the south, and Chief of Police R. W. Westbrook engaged in a fight in a barber shop here Monday. In a sermon on Sunday in the Chautauqua auditorium, Dr. Broughton charged Chief Westbrook with being a drunkard and a frequenter of dives. The chief of police entered the barber shop while Dr. Broughton was in a chair being shaved and as soon as he saw the minister he went for him with a cowhide. Friends interfered, but it is predicted that more trouble will result from Dr. Broughton's charges.

FOURTH OF JULY WARNING.

The Secretary of the Philadelphia Board of Health Sends One Out.

Philadelphia, June 28.—Dr. Benjamin Lee, secretary of the board of health, has sent to the authorities of every town in the state a statistical warning against the use of the toy pistol July 4. He finds that on the last Fourth of July were sacrificed "on the altar of a lawless and spurious patriotism" nearly as many victims as have been slain in the battles in the far east, or were drowned or burned in the recent tragedy in the harbor of New York.

E. J. PENNINGTON ARRESTED.

He Is Charged With Conspiracy and Fraud.

St. Louis, June 28.—E. J. Pennington, of Mount Vernon, Ill., who is a contestant for the prize in the airship contest to be held at the fair, was arrested at the Southern hotel Monday by Detective Cordell on a telegram from the sheriff at Pittsburg stating that Pennington is wanted on a warrant charging conspiracy and fraud. MISSING LOOMIS.

The Assistant Secretary of State Has Received No Tidings From His Brother.

MAY HAVE MET WITH FOUL PLAY.

The Report That His Body Had Been Washed Ashore on the French Coast Not Confirmed.

W. H. Ellis, Kent J. Loomis' Companion, Is a Native of Texas, and at One Time Took a Conspicuous Part in Politics There.

Washington, June 28.—Mr. Loomis, the assistant secretary of state, has had nothing whatever to confirm or contradict the rumor that the body of his brother, Kent J. Loomis, had been washed ashore on the French coast and in spite of the energetic efforts of the combined foreign consular service of the state department not the slightest clew has yet been obtained with reference to the mysterious disappearance. The fact that nothing has been heard of the lost man is tending to confirm the fears of his family that he was either drowned or has met with foul play.

The assistant secretary Monday afternoon took occasion to deny very emphatically a number of reports emanating from Parkersburg, W. Va., the home of his family, which stated that the family of Mr. Kent Loomis had received word from him some days ago that he was having trouble with Mr. Ellis, with whom he was traveling. The state department has had advices of the sailing of Mr. Ellis from France for Djibouti, where he commences his overland journey to Abyssinia's capital with the commercial treaty which he is to deliver to King Menelik. This treaty was in the luggage of Mr. Kent Loomis which was sent to Paris. Word was received that Mr. Ellis had offered to remain on the scene one or two weeks to assist in the search for Mr. Loomis and had offered to have one of his party return to Plymouth to aid the authorities, but it was thought that no such assistance would avail in the search.

London, June 28.—The mystery surrounding the disappearance of Kent J. Loomis continues to attract much attention from the London newspapers and all the papers Tuesday morning feature the case.

The police of Plymouth now say that Mr. Loomis was drowned and that he must have fallen overboard before the vessel reached her anchorage. After a most exhaustive search and the investigation of every clew they are confident that he did not land at Plymouth.

There is no confirmation of the report sent to the Central News from Hamburg that the body of Mr. Loomis had been washed ashore near Cherbourg, France. A dispatch from Hamburg says that nothing is known there of anything which could give rise to such a report. Nowhere, neither in London nor Plymouth, has anything developed throwing the slightest light on the situation and where it was at first believed that a few days would solve the question of the whereabouts of the missing man, the gloomiest view is now taken.

Fort Worth, Tex., June 28.—A special from Dallas, Tex., says: W. H. Ellis, the Negro who accompanied the missing agent of the state department, Kent J. Loomis, to Europe en route to Abyssinia, is a native of Texas, and up to 1897 took a conspicuous part in republican politics of this state. Ellis last figured in republican politics of Texas in the turbulent state convention at Austin during the exciting campaign of 1896. The enemies of the late Wright Cuney, a noted Negro leader, sought to destroy Cuney's power, but Ellis and others of the ablest of the Negroes of Texas stood by him to a winning finish. When Cuney died a year or so later this black contingent lost its power and Ellis went to New York.

DEMOCRATIC TICKET.

For Congress,
JAMES N. KHOH of Mason.

Don't forget the polls close at 4 o'clock. If you have not voted for the sewer proposition do so at once.

The Philadelphia Record is moved to remark that some "indiscreet and inquisitive people on the outside are asking whether Pennsylvania has a representative government, in view of the fact that the chiefs of great corporations dictate who shall be the United States Senator."

Few people have any conception of the extent of the coal area in Eastern Kentucky. Prof. C. Newton Brown of the Ohio State University and formerly of the United States Geographical Survey prepared an exhaustive report on the probable traffic that would be yielded for slack-water navigation by the Big Sandy valley, and he estimated that 1,546,496,000 tons of coal might be expected to come down the Levisa Fork alone before that field should be exhausted. In detail his estimate was as follows:

Lawrence County.....55,296,000 tons
Johnson County.....419,840,000 tons
Floyd County.....256,000,000 tons
Knott County.....64,000,000 tons
Pike and Letcher.....751,360,000 tons
Total.....1,546,496,000 tons

For the valley of the Big Fork he estimated an additional 670,720,000 tons, making a total of 2,217,216,000 tons for the entire Big Sandy valley, which the government engineer said was too small by more than 50 per cent. This will afford some idea of the possibilities of this region from a traffic standpoint. The C. and O. is rapidly extending its line into this immense coal field.

ROOSEVELT HOBNOBBING WITH THE MULTI-MILLIONAIRES.

Recent dispatches from Washington City tell about George J. Gould taking luncheon at the White House. He was the only guest and after luncheon the President talked with him for an hour about the political situation and his desire to secure the active support, and especially it is believed about the campaign contributions of the financial interests of the country. Mr. Gould is the fifth big financier who has been entertained at the White House, with much secrecy, in recent weeks. The others were James Stillman, President of the National City Bank of New York; A. J. Cassatt, President of the Pennsylvania railroad; J. Pierpont Morgan and George W. Perkins, one of Mr. Morgan's partners. They came separately, says the New York World, and in every case the most strenuous efforts were made to keep the visits secret. Apparently, the President feared it would injure him with the masses to have it known that trust magnates were being summoned to the White House. The World adds: "Several other men of influence in the financial world will answer Presidential summons before Mr. Roosevelt goes to Oyster Bay, and the President will do his best to convince all of them that he is 'safe,' that the number of trusts he is opposed to is really very small."

How to Make a Fire Balloon.

To make a fire balloon cut eight pieces of tissue paper of the same dimensions. Paste the edges together carefully and put a fine wire around the lower edge, with another piece across from side to side to hold a small sponge soaked in alcohol. Before inflating it press it flat, to let out all the air, then light the spirit. The rarefied air from this will fill it and cause it to ascend with great rapidity. As soon as the spirit has burned out the balloon will catch fire and burn up.

On and after July 1st, receipts for city taxes will be in my hands for collection.

JAMES W. FITZGERALD, City Treasurer.

HARTING-GABLE NUPTIALS.

Worthy Young Couple Wedded at St. Patrick's Church at 7 O'clock This Morning.

The marriage of Mr. Frank Harting of Lexington and Miss Louise Gable of this city was solemnized at St. Patrick's Church at 7 o'clock this morning, Rev. Fr. Jones performing the ceremony. Messrs. Joseph Gable and Alfred Harting, brothers of the contracting parties, were the attendants. The impressive ceremony was witnessed by a large crowd of friends and relatives.

The bride wore a beautiful gown of crepe de Chine over silk, with white hat and gloves to match. She is a sister of the Messrs. Gable, coal merchants of West Second street, and is possessed of those admirable traits of character that fit her for a worthy companion and helpmeet.

The groom is a son of Mrs. Harting of Lexington and for some time has held a position in the internal revenue service under Collector Roberts.

Following the ceremony, the bridal party drove to the home of the bride where a sumptuous wedding breakfast was served.

Mr. and Mrs. Harting leave on the 1:15 train this afternoon for Lexington where they will be tendered a reception by the groom's mother this evening. They go from there to the World's Fair.

Among the guests from a distance were Mrs. Harting and Miss Hillenmeyer of Lexington and Miss Theresa Faber of Newport.

Raymond, son of Mr. Boyd Muse is ill at their home on West Third.

George T. Henson, who was so seriously wounded last Friday at Mt. Olivet in an affray with Frank and George Bradley, was reported in a critical condition Monday.

"Jimmie" Hunt, who has been a familiar figure about the city for years, died Monday at the alm's house, aged about sixty-five. He leaves one sister, Mrs. S. R. Powell of Cincinnati. His remains were buried this morning at 10 o'clock in the Maysville cemetery.

LANDED THE THIEF.

Quick Work of Policeman Senteney—Young Negro Steals Fine Gold Watch and Sells it For \$2.

A handsome gold watch valued at \$50 belonging to Miss Nellie Bowden of Flemingsburg, a cousin of Mr. W. T. Cummins, was stolen some time Monday from the home of the latter on East Third street. Miss Bowden has been visiting Mr. and Mrs. Cummins for several days. Last evening she missed her watch, and after a thorough search for it, the family concluded it had been stolen by some sneak thief, and placed the case in Policeman Senteney's hands.

On inquiring the officer learned that Frank Taylor, a fourteen-year-old negro, had called at the home with his adopted mother, Ellen Mosee, for the week's washing. Taylor has served a term in the Reform School, and Policeman Senteney spotted him at once as the thief. He went to Taylor's home in the Sixth ward. The latter was not there, but the officer waited and at 9 o'clock arrested Taylor as he entered the house.

Taylor at first denied all knowledge of the watch, but made a full confession to Mr. Senteney before the officer got down town with him. He said he had sold the watch to "a big yellow negro" for \$2, but didn't know his name. The officer reported the developments to Mr. Cummins, who shortly afterwards while standing at his store overheard two negroes talking. Their remark that they thought "something was wrong at the time," attracted Mr. Cummins' attention and on questioning them one of them was found to be the negro who bought the watch. His name is George Chambers and he is a cook on the C. and O. He acknowledged having bought the watch, and said it was at Murphy's jewelry store where he had taken it to have the crystal fixed. Taylor's examining trial is set for 2 o'clock this afternoon in the Police Court.

IMPROVED METHODS

Adopted by Gable Bros For Handling Coal. Patent Hoist and Hopper For Loading.

Gable Bros., the coal dealers at corner of Second and Short streets, have adopted an improved method of handling the "black diamonds," and are now prepared to fill all orders much more promptly and at less expense than under the old way. They have completed a patent hoist and coal hopper on the float at their landing, with which the work of unloading barges is carried on with ease and rapidity. The hoist and hopper are operated by steam, and only a few minutes time is required to load a cart or wagon, the coal being emptied from a bin direct into the cart.

The work of hauling the coal up the grade has also been simplified by the use of a pulley located at the top of the grade at Short street. Ropes are attached to the loaded carts and they are drawn to the top of the grade by steam power. It is a big improvement over the old and tedious method so long in vogue.

In the Circuit Court Monday Thomas Mullen was fined \$200 and given six months in jail for shooting and killing a horse belonging to Charles Haughaboo.
